Re: FCC RPUC Region 8 Seventh Window

Dear Mr. Stile:

In a concurrence letter dated November 13, 2002 to Region 8 Seventh Window Channel Plan, Region 19 withdraws the sentence "Should interference exist to Region 19 licensee's upon system implementation, the applicant will take appropriate action to eliminate the interference." In addition, Region 19 removes in the last paragraph the statement "with the identified condition."

Region 19 concurs with Region 8 channel allocations for window 7.

Sincerely,

George Pohorilak
